Founded 1967

**Speaker: Yvonne Bowers**  
**Topic: Rootsweb and Ancestry**

**One of many tools on the web, Rootsweb and Ancestry.com are two of the best. While there are free sites (familysearch.org - LDS), pay sites "Vitalsearch", GenealogyBank and access sites HeritageQuest through your local library, Rootsweb and Ancestry are among the oldest and most robust sites. We will explore a little of Rootsweb and Ancestry and see how you can break down a brick wall or add to your existing research.**

**complimentary coffee and tea provided**

**Finley Community Center**
